**FOR IMMEDIATE RELEASE**

**HYATT REGENCY HAKONE RESORT AND SPA ENHANCES ITS WELLNESS TREATMENTS AT  
SPA IZUMI**

*Offering unique experiences that blend Hakone's lush nature and  
therapeutic benefits of Owakudani hot springs*

TOKYO (November 8, 2023) – Hyatt Regency Hakone Resort and Spa, surrounded by Hakone’s natural beauty, is pleased to announce the launch of its renewed Spa IZUMI treatment menu, beginning on November 1, 2023. The resort, nestled at the foot of Mt. Fuji, is situated in Japan's picturesque hot-spring region, just an hour and a half from the heart of Tokyo, with easy access to western Japan, including Kyoto, via bullet train.

Drawing inspiration from Hakone’s natural beauty, and the region’s renowned hot springs, the new menu additions offer a spa experience that immerses guests in the unique essence of this remarkable destination.

One of the newly introduced treatments, “Onsen Leg Relief,” is more than just a spa treatment and incorporates the therapeutic benefits of the Owakudani hot springs. This unique experience allows guests to harness the healing properties of this sulfuric acid spring, known for its rich sodium components. This restorative treatment involves wrapping the legs from the feet to the thighs with bandages soaked in the spring water. The bandages are applied with moderate pressure to warm the legs. The warming effect stimulates blood circulation, and the synergistic effect of sodium osmosis and bandage pressure improves swelling, leaving the legs feeling light and refreshed.

This treatment is perfect for those who feel a sense of heaviness and fatigue due to a long flight, car travel or excessive walking. It also caters to guests interested in reaping the benefits

of natural hot springs but prefer a private experience to public baths.

The spa's signature treatment, Fruitherapy, has also been revamped into a more organic-focused offering that includes a scrub with the scent of locally produced citrus and botanical pads filled with brown rice and fruit leaf essence. The energy contained in the organic fruit seeds awakens your dormant healing power within, enhancing the body's ability to repair damage and regenerate.

### ABOUT SPA IZUMI

Spa IZUMI is a full-service spa facility offering eight spacious treatment rooms including two couples rooms. Additionally, it features a relaxation room, along with separate male and female onsen baths and changing rooms. The hot springs at Spa IZUMI are sourced from Ōwakudani and consist of slightly acidic sulfate springs, renowned for their skin-beautifying effects and resistance to cooling, which enhances the effectiveness of treatments when bathing before the session.

Spa Treatment 9:00 AM–9:00 PM (last treatment finishes at 9:45 PM)

Onsen 6:00 AM–Midnight

For reservations:
