## ■『ANIME☆SKILL TCG』

This update introduces the new game, ANIME☆SKILL TCG. Players can earn coins by exploring town areas and completing mini games. Using these coins to purchase card packs, players can obtain Anime Skill Cards, each themed around a different stage of the anime production process. These cards allow players to learn how anime is made while playing the game. By combining collected cards, players can create Anime Cards that showcase character designs and world settings enhanced with animated effects. Collect a variety of Anime Cards and rediscover the magic of anime!

Through the unique game experience only at Anime Tokyo Station—a facility dedicated to sharing the appeal of anime—knowledge and insight about animation are also being shared within Roblox.

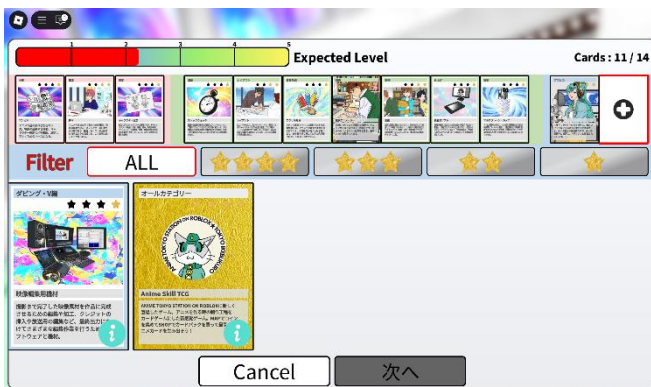

### ○ Location Scouting Game

Help characters in need (production staff) within the game and earn coins! Find and click the designated locations to successfully complete location scouting missions!

Take on a variety of location scouting challenges!

### ○ Collect Anime Skill Cards and Build Your Deck!

Anime Skill Cards depict the tools, professions, and creative roles necessary for creating anime. Collecting 12 of these cards and arranging them in sequence to form a deck will represent the anime production process. Plus, by skillfully constructing your deck, you can even unlock high-rarity anime cards!

### ○ Combine Decks with Unique Cards to Get Anime Cards

Combining your deck with two unique cards enables you to create anime cards.

Unique cards are rare cards that can occasionally be obtained by purchasing card packs with coins. To create anime cards, you need to acquire two types: Character Cards and World/Theme Cards. When you create an anime card, the character's background story and world settings not depicted on the card will be animated by combining still images, transforming into a special card. Be sure to collect lots of anime cards.

## ■ANIME☆OTODAMA and ANIME☆SKILL TCG Linked!

The map from the game ANIME☆OTODAMA, previously available at Anime Tokyo Station on Roblox, will now be linked to the new game ANIME☆SKILL TCG! Aside from being able to travel to the new game ANIME☆SKILL TCG, players can purchase special items in ANIME☆OTODAMA that can be used in ANIME☆SKILL TCG.
